TO WHOM IT MAY CONCERN

We have pleasure in confirming that Impian Tekad Sdn. Bhd. was the Malaysian Contractor employed to perform the Mechanical & Electrical Erection and Installation for the 675 MW Perlis Combined Cycle Power Plant, at Persisiran Pantai Kuala Sungai Baru, 02700 Simpang Empat, Perlis Indera Kayangan, Malaysia.

Teknologi Tenaga Perlis Consortium awarded Alstom Asia Pacific Sdn. Bhd. the Turnkey Engineering Procurement Construction Contract for the 675 MW Dual Fuel Fired (Gas and Oil) Combined Cycle Power Plant in 2000. The Contract included the design, manufacture, supply, construction, testing and commissioning of three Alstom GT 13 E2 Gas turbine generators, three heat recovery steam generators, one Alstom Steam Turbine generator, auxiliary mechanical and electrical equipment piping and associated balance of plant.

The scope of the Erection and Installation Contract awarded to Impian Tekad Sdn. Bhd. included the Mechanical and Electrical erection and installation of:

- 3 x 145 MW GT13E2 Gas Turbine Generator units, Auxiliary plant and pipe work
- 1 x 230 MW Steam Turbine Generator unit, Auxiliary plant and pipe work
- 3 x Heat Recovery Steam Generators including stacks
- Station Balance of Plant

Mr. Wong Chok Vai, the Project Director and Mr. Chan Keng Kae, Site Manager led the Impian Tekad team. At the peak of the project, Impian Tekad had over 600 staff on site.

The Perlis Project was successfully completed within 21 months and went into Commercial operation at the end of March 2003. This is a record achievement for a plant of this size. Alstom have no hesitation in

Switzerland

confirming that this achievement was due in large part to the support received from Impian Tekad who remained flexible and highly co-operative despite the many challenges thrown up by the aggressive schedule. During the execution of the Erection & Installation Contract we found Impian Tekad to be enthusiastic, very reliable and a well managed professional organisation.

Accordingly we have no hesitation in recommending Impian Tekad Sdn. Bhd. for similar work elsewhere.
